## We both like Apple Pie and Cheese!

• We of Canada and the United States are the world's outstanding example of "good neighbours". We are unique in our understanding of one another, in our mutual confidence, in our fellowship.

And the things which make us good neighbours are a lot more than our common love for apple pie and cheese.

We speak the same language.

We enjoy the same jokes.

We sing the same songs.

We play the same games.

We work and worship in the same faith.

One of us being the United States, the other the Great and Mighty, we both seem to be in our hearts the same country of freedom, the same home (oh yes, And we share an indomitable determination that one shall ever take them from us).

Today our soldiers fight side by side in all parts of the world. And our citizens work shoulder to shoulder to supply them and support them in their great task. We of The House of Seagram are proud that our great plans in Canada and the United States are united by thousands of Canadians and thousands of Americans working together... engaged 100% in the production of high-grade Alcohol for War.

THE HOUSE OF SEAGRAM

Alcohol for War is used in the manufacture of Explosives, Synthetic Rubber, Drugs, Jet Engines and Rockets, Navigation Instruments, Therapeutic Drugs and many other products.

THE Reverend George MacDonald liked to drop in on the Macdonalds before home for Christmas. Supper was a sort of home at a country house and the children of a household resembled to give a temporary meeting children in the old home where MacDonald used to live. A household resembled to give a temporary meeting children in the old home where MacDonald used to live. A household resembled to give a temporary meeting children in the old home where MacDonald used to live.

The second time in the previous year MacDonald had been in the country house at the old home where MacDonald used to live. A household resembled to give a temporary meeting children in the old home where MacDonald used to live. A household resembled to give a temporary meeting children in the old home where MacDonald used to live.

They moved from their father and brother's house, spent a good deal of time in the country house at the old home where MacDonald used to live. A household resembled to give a temporary meeting children in the old home where MacDonald used to live. A household resembled to give a temporary meeting children in the old home where MacDonald used to live.

For Christmas, MacDonald had been in the country house at the old home where MacDonald used to live. A household resembled to give a temporary meeting children in the old home where MacDonald used to live. A household resembled to give a temporary meeting children in the old home where MacDonald used to live.

# Master of Arms

By THOMAS

H. RADDALL

His brother's education had been a struggle under the law. He had been a student of the law. He had been a student of the law. He had been a student of the law.

The police were looking for a man. He was looking for a man. He was looking for a man. He was looking for a man.

He was looking for a man. He was looking for a man. He was looking for a man. He was looking for a man.

"My good sir," he said, "I am a student of the law. I am a student of the law. I am a student of the law. I am a student of the law."

He was looking for a man. He was looking for a man. He was looking for a man. He was looking for a man.

He was looking for a man. He was looking for a man. He was looking for a man. He was looking for a man.

He was looking for a man. He was looking for a man. He was looking for a man. He was looking for a man.

He was looking for a man. He was looking for a man. He was looking for a man. He was looking for a man.

He was looking for a man. He was looking for a man. He was looking for a man. He was looking for a man.

Q: "You've been coming to this town, haven't you?"

A: "Yes, I have. I have been coming to this town, haven't you?"

A: "Yes, I have. I have been coming to this town, haven't you?"

A: "Yes, I have. I have been coming to this town, haven't you?"

A: "Yes, I have. I have been coming to this town, haven't you?"

"You'll have to tell me who the gun belongs to," Leggs said.

# The envy of them all

When you come home on your first leave... where you find you are now **THE** man to look at? Well, like a woman you hold your head high, knowing you have followed the call of duty and are serving your country... you'll naturally be the envy of them all.

Yes, when you join the service, you share in the glory of every RCAF unit and in the success of the war. As an aviator, you receive a man for another day against the enemy. The bombing of enemy ships and the taking of enemy ships are made possible because you took over his ground job. And in the RCAF today.

The RCAF's tough job is to be able to have **High Altitude Bombers** fly at just over 10,000 feet. **Heavy Bombers** flying over the enemy and the **Heavy Bombers** flying over the enemy.

And the RCAF's tough job is to be able to have **High Altitude Bombers** fly at just over 10,000 feet. **Heavy Bombers** flying over the enemy and the **Heavy Bombers** flying over the enemy.

Your Baker—More Important Than Ever...Today

The great bread you find today makes for you a more perfect and delicious dinner, of wartime recipe... an ideal meal structure. And when you're over with with, bread is also an additional source of protein for the body.

## How much do you really know about Canada's War Effort?

# VICTORY

• These twelve questions are a test of the knowledge, intelligence and patriotic interest of every Canadian in our country's war effort. Make an estimate or a guess, and place an X in the square opposite each answer you think is correct. Then check against the list printed upside down in the panel below. A score of 6 correct is average; a score of 9 is very good; a score of 11 puts you at the head of the class. Anyone who can score 12 correct without peeking should celebrate by buying an extra Victory Bond.

1. What was the per-war strength of Canada's permanent army forces?

- ☐ Under 5,000  
☐ Over 50,000  
☐ Over 15,000

2. What is the present strength of all Canadian army units, at home and abroad?

- ☐ Under 150,000  
☐ Over 450,000  
☐ Over 650,000

3. The personnel of Canada's navy has multiplied many times since the war began. Which is the correct increase?

- ☐ 10 times  
☐ 20 times  
☐ 40 times

4. Which is the greatest strength of the Royal Canadian Air Force in home and in all theatres?

- ☐ Under 100,000  
☐ Over 150,000  
☐ Over 350,000

5. The total number of miles flown by R.C.A.F. planes in training flights in Canada during a single month is the equivalent of several trips to the moon. How many trips would you estimate?

- ☐ Under 30  
☐ Over 100  
☐ Over 250

6. How many Canadians men and women are employed in plants directly engaged in war production?

- ☐ Under 400,000  
☐ Over 750,000  
☐ Over 1,000,000

7. How much money has Canada alone expended, up to July, 1945, on the production of war materiel?

- ☐ Under 100 million dollars  
☐ Over 2 billion dollars  
☐ Over 4 billion dollars

8. How many motor vehicles and associated fighting vehicles, including tanks, had Canada produced up to July, 1945?

- ☐ Under 20,000  
☐ Over 150,000  
☐ Over 300,000

9. How many pounds of small arms ammunition had been produced in Canadian factories up to July, 1945?

- ☐ Under 25 million  
☐ Over 100 million  
☐ Over 2 billion

10. What is the total amount in dollars which Canada has loaned in victory in the form of war expenditures of all kinds?

- ☐ Under 750 million dollars  
☐ Over 2 billion dollars  
☐ Over 4 billion dollars

11. Two-thirds of the money loaned, advanced in the previous question, came directly from the people of Canada in the form of Victory Bonds. If this number of dollars were placed end to end, how many times would they encircle the equator?

- ☐ Twice  
☐ Ten times  
☐ Fifteen times

12. Is the last Victory Loan easily won and a half million individuals bought one or more Victory Bonds? It is estimated, however, that there are more than five million Canadians who are strong enough to buy a bond in the next campaign. If five million patriotic Canadians stand shoulder to shoulder, how far would this solid fighting line stretch across the country?

- ☐ Under 750 miles  
☐ Over 1,000 miles  
☐ Over 1,500 miles

Every Canadian feels a surge of pride when he reads the record of how his fellow countrymen are supporting our fighting forces. When the 14th Victory Loan starts on October 15th, the call will go to five and a quarter million grandly employed Canadians to stand shoulder to shoulder on the home front, just as determined as any fighting men to do their share.

Correct Answers

1. Over 15,000  
2. Over 650,000  
3. 40 times  
4. Over 350,000  
5. Over 250  
6. Over 1,000,000  
7. Over 4 billion dollars  
8. Over 300,000  
9. Over 2 billion  
10. Over 4 billion dollars  
11. Fifteen times  
12. Over 1,500 miles

# Have a "Coke" = Let's be friendly

## ...the way to win a welcome wherever you go

Where you find democracy, you find the feeling of friendliness, of give-and-take—the spirit of neighbourliness. It's made up of little things that mark a way of life; sports, fair play, movies, comics and swing music. A simple phrase like *Have a "Coke"* turns strangers into friends, the same in both hemispheres. Around the globe Coca-Cola stands for *the pause that refresher*—has become the high-sign of the good-hearted.

### "Coke" = Coca-Cola

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke"
